Acting Director of Economic Research  
Central Intelligence Agency

Thank you very much for subject memorandum. It was most timely and comprehensive. As you might surmise, it was of particular interest to those of us here at FAA who have been involved with the resolution of the technical aspects of the US-USSR Civil Air Agreement, the implementation of which led to the commencement of scheduled air service between New York and Moscow.

It was also a pleasure to learn from your note that Mr. Wainwright of my office had been able to be of assistance to you.

I hope that you will not hesitate to contact my office in the future whenever we can be of assistance.

Assistant Administrator for
